ABOUT US

Signverse Infra is an Engineering firm that provides all types of services in the field of Traffic Safety & Traffic Management. Signverse Infra is One step Solution to Traffic Safety works on different kinds of roads at various stages of work such as *Construction, Operation* and *Maintenance*. We Provide Engineering Assistance to Clients/ Concessionaire/Contractors by providing products and services in fields of Traffic Safety such as **Traffic Sign Boards, Thermoplastic Markings, Metal Beam Crash Barriers, Delineators and Road Studs**. We have vast experience of the **Design, Survey, Estimation, Manufacturing and On-Site Installation of all types of Traffic Signages, Thermoplastic Road Marking, Kerb & Crash Barrier painting, and various other Road Safety products such as MBCB, Studs and Delineators Installation works etc.**

Signverse Infra is a **3M Authorized Convertor** for manufacturing of Traffic Signage for all types of roads such as Expressways, National Highways, State Highways & other major roads pursuant to MORT&H and IRC Standards.

We have the in-house capacity to design and fabricate Steel Over gantries, Foot Over Bridges, Railings, Bus Stops, Toll Plaza Canopy and other steel structures.

Aim

Our goal is to deliver traffic safety solutions to our clients under one roof and for that, we take all types of responsibility to make roads safer and traffic worthy via providing world-class quality of traffic control devices and as per standards set by IRC also keeping in view of the advent of Technology.

Our Vision

We at Signverse Infra believe in providing safer Road Networks in India. We are here to spread the word 'Safety' for how important traffic safety is for all of us by creating awareness among Road Users about traffic safety, regulation, and usage of diversified road networks in India. We here at Signverse Infra ***"Never forget about safety"***.

OUR EXPERTISE

Following are the areas Signverse Infra expertise in providing services as a part of traffic safety & management.

Manufacturing &
Supply of Road
Signages

Supply &
Installation of Road
Studs & Delineators

Thermoplastic
Road Markings

Supply &
Installation of
Metal Beam
Crash Barriers

Planning and
execution of
Traffic Diversion
and traffic
management

OUR SERVICES

We provide our Road Safety Services at following stages of works:

- **During Construction of the road (Work Zone Safety)**

We play a vital role when any project is about to start. Signverse Infra is capable to take responsibility of following works:

1. Develop a complete road safety plan for both urban and rural highways during construction period.
2. Planning and execution of road diversion with proper manpower and equipment.
3. Coordination with concerned authorities for road safety plan,
4. Preparation of Traffic Management Plan,
5. Scope Preparation for Traffic safety Devices such as Traffic Signage, Thermoplastic Marking, Metal Beam Crash Barrier, Road raised Marker (Studs/Cat Eye), Delineators and Others as per MoRTH specification and standards set by IRC,
6. Providing design and drawing for gantries and layouts for pavement marking and MBCB,
7. Ensuring work zone safety, supply and erection of work zone safety signage as per IRC:SP:55 for smooth work and traffic flow under construction zones,
8. Providing safety in charge, flagmen, safety supervisor for full span of the project to deal with safety issues on project,
9. Providing technical assistance to prepare compliance for monthly, quarterly Road Safety Audits.

OUR SERVICES

- **After Construction of the road**

When Major construction work of the road is completed and final Earthen Shoulder and Median are prepared as per required technical specification the Signverse Infra expertise to deliver following safety works:

1. Manufacture, Supply and Installation of Traffic Signage as per IRC:67-2012, MoRT&H Specification and approved scope by Engineer Incharge.
2. Supply and Installation of Metal Beam Crash Barrier (W-Beam & Thrie Beam) as per MoRT&H Specification & scope approved by Engineer Incharge.
3. Supply and laying of hot applied thermoplastic marking as per IRC:35 & approved layout and scope by Engineer Incharge.
4. Supply and Installation of Delineators, Road Studs and various other Road Furn as per MoRT&H Specification and approved scope by Engineer Incharge.
5. Submission of Road Safety Work Report after completion of work

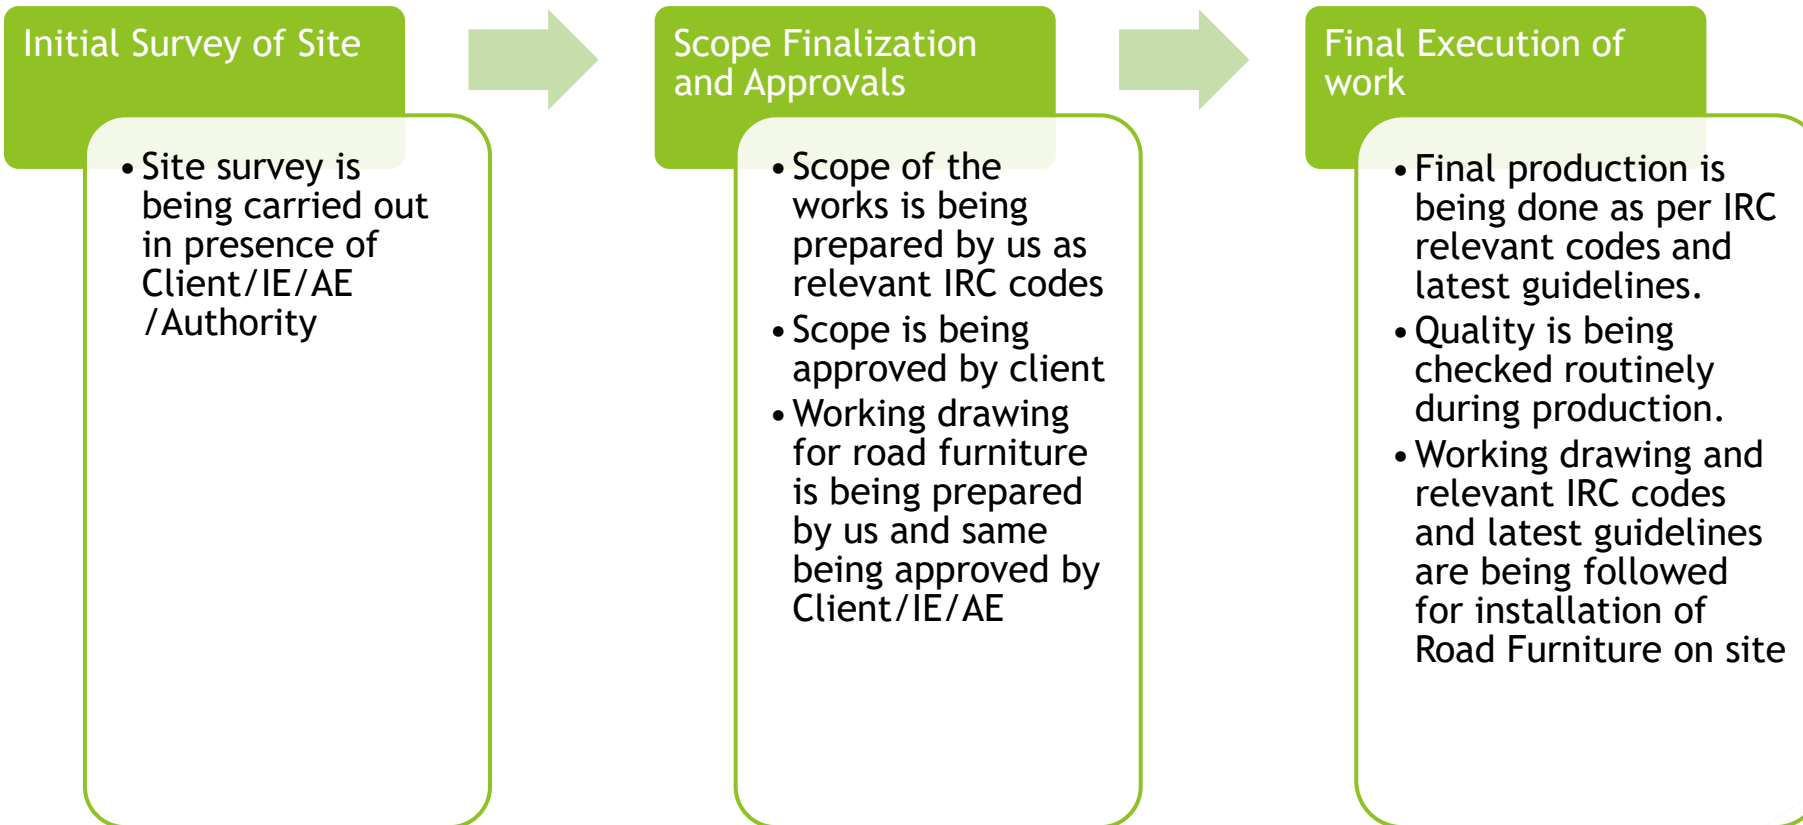

- **During Operation and Maintenance of the road**

Under Operation and Maintenance of Major roads such as Expressways, National Highways, State Highways, Signverse Infra is able to provide following services:

1. Ensuring all safety measures on road for smooth running traffic,
2. Rectification of Black Spot and providing necessary Road Safety Solution.
3. Maintain Traffic Safety Devices by repairing or replacing required items as per suggested by client.
4. On call services in case of natural calamities, disaster.

OUR WORK METHODOLOGY

To complete the given project, the Signverse Infra follow a robust methodology. It involve initial site survey with client, scope finalization, working drawings preparation, statutory approvals from client and then proceeding for production.

OUR PRODUCTS

Road Signages

- Regulatory Signages
- Informatory Signages
- Advanced Direction Signages
- Overhead Signages
- Object, Median Markers & Delineators
- Variable Message Signs (Digital)

Road Marking

- Liquid Pavement Markings
- Permanent Pavement Tapes
- Pre-cut Symbols and Legends
- Raised Pavement Markers
- Surface Preparation Adhesive
- All Weather Thermoplastic

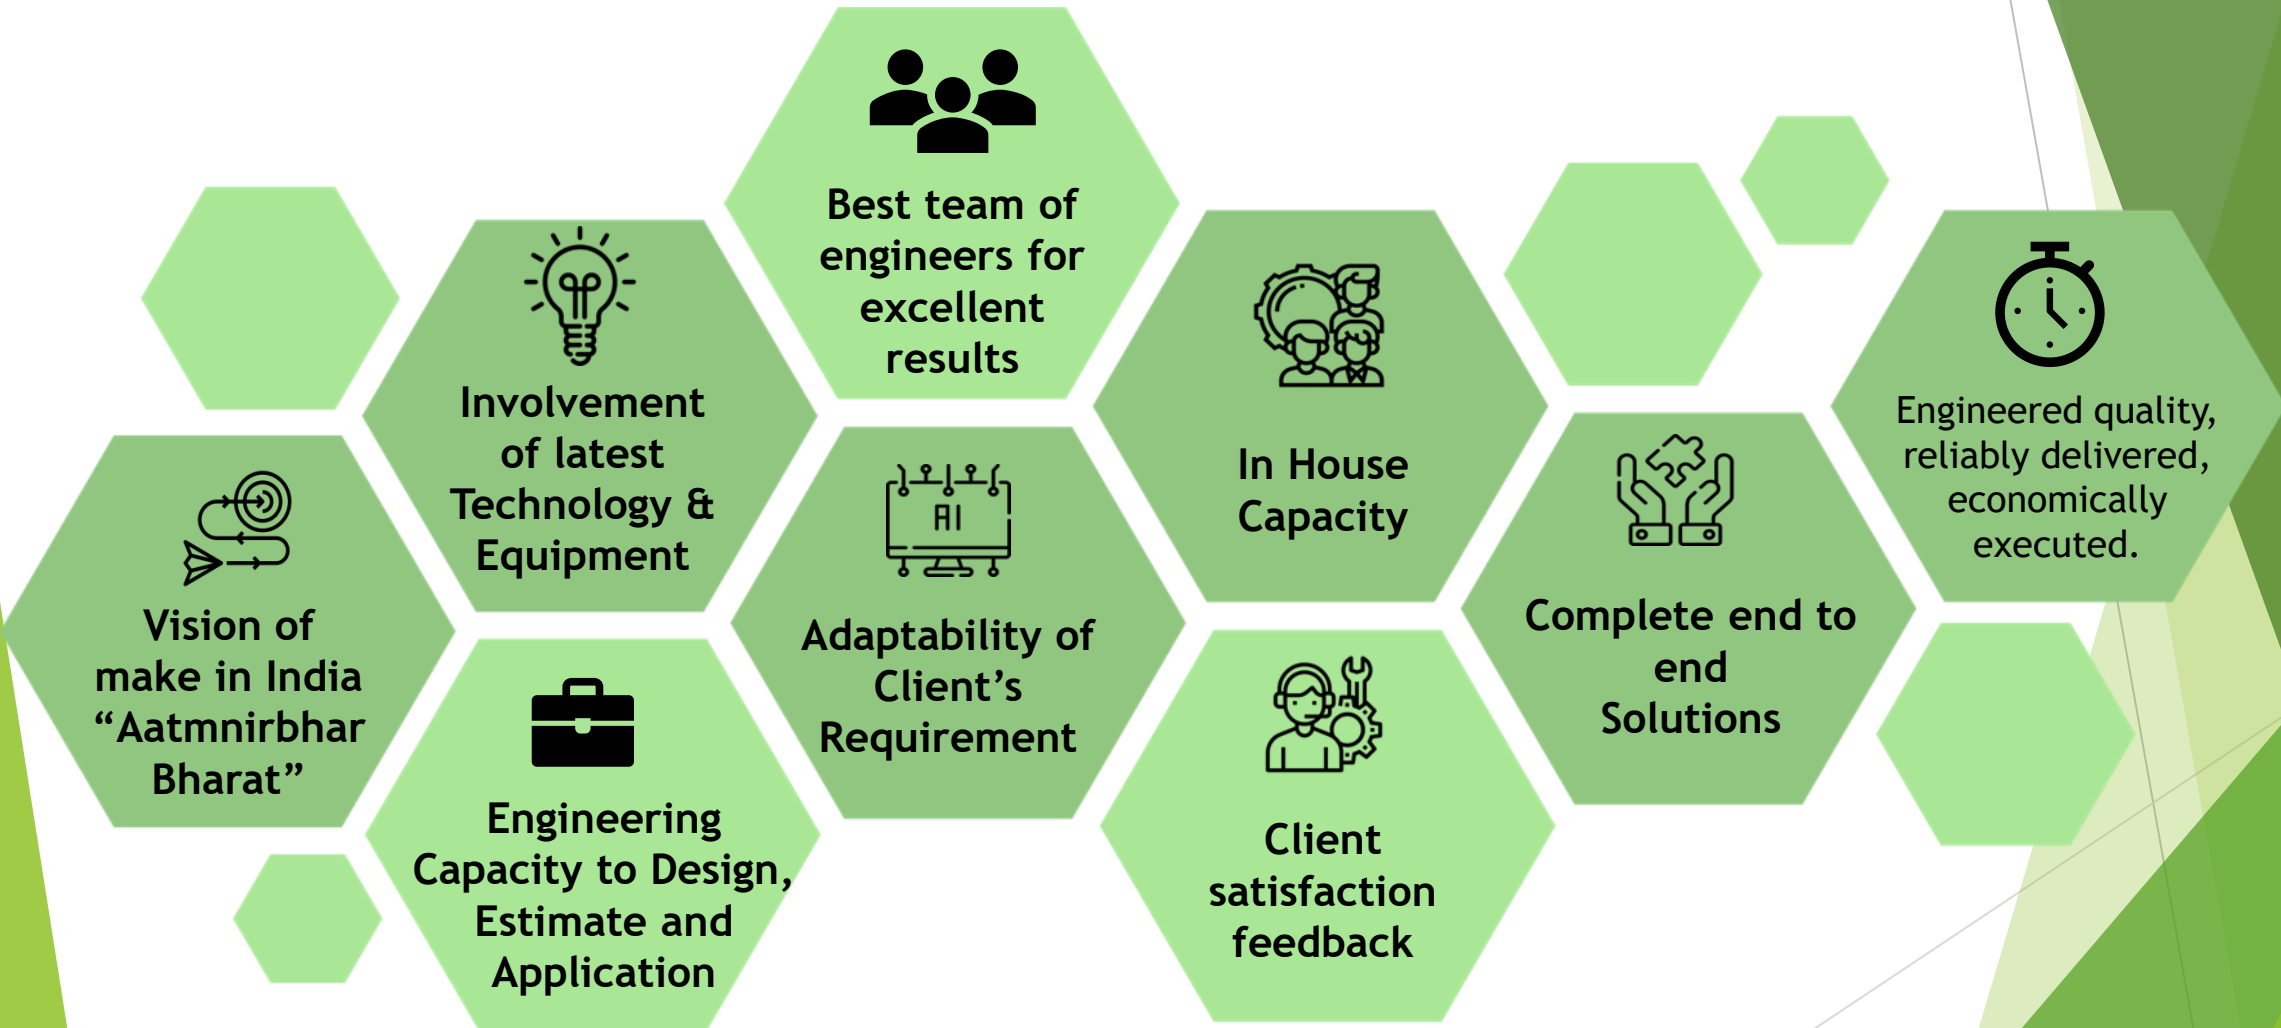

Other safety

- Delineators from 3m
- Safety Cones
- Moulded RPM
- General purposes signages
- Conspicuity tape
- Metal Beam crash barriers

WHY CHOOSE US

WHY CHOOSE US

- Signverse Infra is a team of Engineer having vast experience in Road Safety.
- We have a team full of expertise which follow IRC standards for Road Safety such as IRC:SP:84, IRC:67, IRC:SP:55, IRC:35 and IRC:79 etc.
- Signverse Infra provide one step solution to Traffic Safety devices for all type of roads like Signages, Thermoplastic, MBCB, Delineators, Studs, Safety Cones, **3M** Retro reflective tapes etc.
- We follow IRC Standards and never negotiate on Quality of Product and our Services.
- We take the whole & sole responsibility of all safety works from the beginning of Scope Finalization, layout and Drawings preparation, Approval from competent Authorities, production, supply and its application and installation on site.
- We also plan work zone safety, diversions and to help planning team of Client to generate robust work programme using Primavera and MS Project.
- Signverse Infra is supportive to its Clients in every possible way to achieve their target on or before give time.
- Signverse Infra is able to available on short notice. We can deploy our teams for services pan India on short notices.
- We are **3M AUTHORISED CONVERTORS** for Traffic Signages to maintain our Quality in Signages sector.
- We are interested to sell our expertise, Quality products and services as per standards set by IRC.
- We provide our products and services at very competitive rates as we are one of kind immerging firm with a positive & innovative approach towards Road Safety and we are here to make Indian roads safer like never before.

PROJECTS:

COMPLETED PROJECT

Scope Of Supply Work:

Item Description

- Material Description:-
- Sr.2-Speed Limit 80 KMPH (Circular 600 Dia)
- Sr.6-Providing & Erection of overhead gantry/cantilever structure as per drawing including steel tubes cutting, fixing in position with welding and bolted complete in all respect as type as per structural design requirements and approved plans.
- Sr.7-Supply & erection of 13.5x1.8m OH Gantry Facia as per IRC-67-2012 made of High Intensity micro prismatic grade Cube corner sheeting (Type-XI) wide IRC-67-2012 fixed on 4mm ACP with Back frame of 50x50x5mm MS Angle. 10 years of retro reflective sheeting to be provided from the original sheeting manufacturer as per clause 6.9 of IRC-67-2012 & a certified copy of three years outdoor exposure report from the independent test lab as per clause 6.7 of IRC-67-2012.
- Sr. No.12-Chevron Sign (500X600)

Materials Key Parameters

- Installation of Gantry shall be under supplier's scope
- Item Descriptions are as per Annexure-1
- Sheeting Make: 3M Type XI Micro Prismatic Grade (Class C).
- Only ISI Marked Primary Quality of Steel like Jindal, Apollo, Tata, Surya, Sail, JSW shall be used.
- ACP Sheet 4MM including 0.5mm top Aluminum Skin (Make - Eurobond / Alucobond / Viva / Alstrong)
- Only Epoxy Paint shall be used - Asian / Berger.
- Rivet - Aluminum rivet shall be used
- Test Certificates of all materials like sheeting, pipe, ACP & paints shall be required.

OBLIGATIONS OF SUPPLIER

- Preparation of Designs, drawings and getting approval from the competent authority / NKCPL shall be under supplier's Scope.
- The supplier is required to start production/fabrication only after getting approval of design & drawing from NKCPL. The subcontractor will provide technical details & information to NKCPL and liaise with the competent authority for getting approval.
- All components of signs and supports, other than the reflective portion of MS posts/gantry shall be thoroughly descaled, cleaned, primed and painted with two coats of epoxy paint. Any part of Mild Steel (MS) post below ground shall be painted with three coats of red lead paint.
- Installation of Cautionary & Informatory Sign Board & Post: Only RMC at Work Site shall be provided by NKC. Shifting of Sign Boards/MS Post/Labour etc will be in supplier scope.
- Labour Accommodation & Fooding in Scope of supplier. For Cautionary & Mandatory Shifting of Sign Board / Poles from our camp stores to working site will be in scope of supplier but for Informatory &

Photographs:

The top photograph shows a large green overhead gantry sign for National Highways Authority of India (NH-665) near Mangalwedha. The sign features the NH-665 shield and text in Hindi and English. The text in Hindi includes 'पंढरपूर 39' (Pandharpur 39), 'मंगलवेढा 65' (Mangalwedha 65), and 'श्री संत ज्ञानेश्वर महाराज पालखी महामार्ग में आपका स्वागत है।' (Welcome to the Shri Sant Jnaneshwar Maharaj Palankhi Mahamarg). The text in English includes 'NATIONAL HIGHWAYS AUTHORITY OF INDIA' and 'आपकी यात्रा सुखद एवं मंगलमय हो।' (Your journey will be happy and auspicious). The background shows a busy road with vehicles and construction work.

The bottom photograph shows a green directional sign for NH-665 near Mangalwedha. The sign features the NH-665 shield and text in Hindi and English. The text in Hindi includes 'इंदूर वाटार' (Indur Vatar), 'मंगलवेढा' (Mangalwedha), and 'मंगलवेढा' (Mangalwedha). The text in English includes 'Indur Vatar', 'Mangalwedha', and 'Mangalwedha'. The background shows a road with a guardrail and some trees.
